# 2011 Census Parish Profiles

[www.mkiobservatory.org.uk](http://www.mkiobservatory.org.uk)

## Introduction

This document provides a statistical profile of each Parish in Milton Keynes from data released via the 2011 Census. The profiles include data for the Parish and a comparison to Milton Keynes Borough figures.

Full 2011 Census tables for Parishes in Milton Keynes can be found on the MKi Observatory via the link below:

<http://www.mkiobservatory.org.uk/page.aspx?id=2199&siteID=1026>

## Parish Boundaries

The 2011 Census used the Parish boundaries as at March 2011. Since then there have been a few changes to the Milton Keynes Parish boundaries in Woughton and Campbell Park. The Research and Intelligence team adjusted the 2011 Census figures for these areas so that they refer to the current boundaries (2012). Therefore figures for these areas published here and elsewhere by the Research and Intelligence team may not match the official Office for National Statistics release.

In addition some parishes were added together by the Office for National Statistics in the Census data due to the small size. These are as follows:

1. Astwood and Hardmead
2. Newton Blossomville, Clifton Reynes and Cold Brayfield
3. Calverton, Fairfields and Whitehouse
4. Emberton and Chicheley
5. Lavendon and Warrington
