

# 2014 Ward Profiles

## Introduction

Ward boundaries in Milton Keynes changed in May 2014. This document provides a statistical profile of each of the new wards in Milton Keynes from data released via the 2011 Census. The profiles include data for the ward and a comparison to Milton Keynes Borough figures.

A map showing the new boundaries can be viewed below:

- [www.mkiobservatory.org.uk/Map.aspx?id=343&siteID=1026](http://www.mkiobservatory.org.uk/Map.aspx?id=343&siteID=1026)

## Methodology

The 2011 Census data was not released at 2014 ward level by the Office for National Statistics. The Research and Intelligence team at Milton Keynes Council therefore added together Output Area (the smallest census geography) data to provide an estimate at 2014 ward level. As Output Areas (OAs) boundaries and the 2014 ward boundaries do not always match, the data for OAs is weighted to 2014 wards. The data in the profiles should therefore be seen as estimates based on 2011 Census data rather than actual figures. Full information on the methodology used can be viewed here:

<http://www.mkiobservatory.org.uk/document.aspx?id=10215&siteID=1026>

Full definitions and information on the methodology of the 2011 Census can be viewed on the Office for National Statistics website:

<http://www.ons.gov.uk/ons/guide-method/census/2011/census-data/2011-census-user-guide/index.html>
